Dear Parents / Guardians,

MESSAGE BY PRINCIPAL FOR TERM 2 2025

I posed a question to all students as we ended Term 1 – in what ways, have we ‘Be The Change’ over 2025? We started 2025 with the rallying theme, ‘**Be The Change From Inside Out**’ – I wonder, how many of us Yuhuanians embraced the rallying theme and lived up to our aspirations, goals and dreams?

Change is often hard – for it is not just one singular effort to do things differently. I shared the ‘3 Little Pigs’ story with students over and over again during Morning Assembly over the last term to emphasize the importance of building lasting habits that matter. Some enduring lessons are how the pigs could be much more pro-active to act, how to be resilient when we meet setbacks, and how to be aware of the ‘big bad wolf’ within ourselves that keeps wrecking best intentions towards progress.

At the heart of it all, the key towards change lies in our core belief system. Core memories, beliefs and values shape us. Do we have any compelling conviction on why change is important, and what we wish to work towards?

I shared two stories with Yuhuanians at the end of term – two core memories that reshaped me forever and pushed me towards positive growth and change.

- *I was a Lower Sec student who did poorly for my academic studies. I spent too much time on CCA, but lost belief in myself in my academics. I was transformed in Upper Sec, when a new team of teachers opened my eyes to see the transforming power of a teacher. I changed, and have forever been driven to transform lives in schools.*
- *When I was younger, I was generally unappreciative of my parents and took many things for granted. When I observed my Dad growing old, but putting in much sacrifice for the family, I learnt the power of responsibility and love. I changed, and have sought to seed the same in my family and with all I have the blessing to be in contact with.*

I wonder what core memories, experiences and values drive our Yuhuanians towards change? I encourage all parents to discuss with your children – on positive change that is meaningful for each Yuhuanian. The year is still young, and my hope is for all Yuhuanians to embrace 2025 as a season of growth, to acknowledge areas for growth, and **Be The Change From Inside Out**.

There are many milestones to celebrate, as we witness our Yuhuanians growing and doing well. Significant school achievements are summarized in **Annex A** at the end of the letter, for your easy reference. Besides what is documented, much success is often unwitnessed and happens in the day to day. I encourage parents to continue to participate fully in your children’s lives in school, as we partner with the spirit of ‘Care, Connect, Contribute’ towards flourishing Yuhuanians. As we look forward to Term 2, key information as follows for your attention:

1 Nurturing Flourishing Yuhuans Through Student Development

1.1 Values of the Term

At Yuhua, we strive to nurture our students in both performance and moral character by instilling our school values. This term, our Values of the Term are **Curiosity & Responsibility**. We aim to inspire all Yuhuans to remain curious about the world around them and take responsibility for themselves, others, and the community.

We encourage our students to demonstrate these values in their daily lives and seek your support in reinforcing them at home. Below are some ways in which your child can embody these values:

- **Curiosity** - *Exploring their environment, conducting research and discovering new information, asking questions, investigating concepts, seeking meaning, connecting with people and nature, and embracing new learning experiences.*
- **Responsibility** –
 - *Personal: Being prepared for lessons with the necessary learning materials, attending classes on time, managing deadlines, and taking care of their safety and well-being.*
 - *Social: Contributing actively in class and CCA, fulfilling assigned duties in a team, respecting school property, and caring for the safety and well-being of others.*
